EXPERIENCE

LTIMINDTREE LTD

April 2024 - Present

Software Engineer

Pune

- Developed and engineered end-to-end features using **Java**, **Spring Boot**, **Angular**, and **React** for enterprise-scale banking applications.
- Built and integrated RESTful APIs with frontend components to deliver seamless user experiences.
- Collaborated with cross-functional teams (QA, DevOps, Business Analysts) in an Agile (Scrum) environment.
- Contributed independently to feature development, bug fixing, and production issue resolution.
- Participated in code reviews, ensuring adherence to best practices and high-quality standards.
- Automated CI/CD pipelines using Jenkins, improving deployment efficiency.
- Used SonarQube for static code analysis, reducing technical debt and improving code quality.
- Supported requirement analysis and solution discussions with internal teams and clients.

Rexel India Pvt Ltd

August 2023 - April 2024

Associate Engineer

Mumbai

- Contributed to development and enhancement of software components using Java for business logic and application support.
- Automated repetitive tasks and test scenarios, improving operational efficiency and reducing manual effort.
- Assisted in debugging, troubleshooting, and resolving application-level issues in collaboration with senior engineers.
- Worked closely with cross-functional teams to understand requirements and translate them into technical solutions.
- Interacted with clients to clarify expectations and ensure timely delivery of reliable solutions.

LTIMINDTREE LTD

February 2023 - April 2023

Intern

Mumbai

- Completed an internship at LTIMindtree, gaining hands-on experience in Core Java, web services, and web development.
- Gained foundational knowledge in Python and explored its applications in software development.
- Strengthened problem-solving skills and learned to work effectively in a professional environment.

EDUCATION

University of Mumbai

July 2019 - July 2023

Bachelor's of Engineering

CGPA 8.53
